LEADERSHIP

Augustinian Developer Society — University of San Agustin

Iloilo City, Philippines

Quality Assurance Lead

Aug 2025–Present

- Served as Technical Judge for the DevDash Hackathon and audited competing teams' GitHub repositories for compliance.
- Established development standards and reviewed code for performance and user-experience quality.

Augustinian Developer Society — University of San Agustin

Iloilo City, Philippines

Junior Developer

Oct 2024–Aug 2025

- Supported organization events as part of the technical team, providing setup and on-site technical assistance.
- Participated in hackathons to develop technology-based solutions to real-world problems.

PROJECTS

DinoWeb — Personal Web Portfolio | cocoasaur.github.io/DinoWeb

Full-Stack Developer

- Built an interactive React and Three.js portfolio featuring real-time 3D rendering and animation.
- Deployed and maintained the application on GitHub Pages.

Quarto — Boarding House Management System | quarto-4d613.web.app

Full-Stack Developer

- Built administrator and tenant portals for rooms, payments, tickets, announcements, approvals, and reports.
- Implemented Cloud Functions, transactions, caching, indexed queries, role-based security rules, validation, and audit logs.

Earth Arcade | [GitHub repository](#)

Full-Stack Developer

- Developed UI/UX, 2D environments, and gameplay mechanics for a Godot game promoting climate action under UN SDG 13.
- Coordinated repository structure and version control for the team project.

TIP Airlines

Full-Stack Developer

- Created a Python, Tkinter, and SQLite airline system with passenger booking and flight scheduling.
- Applied database fundamentals for persistent storage and data integrity.
